GREENWAY MEDICAL TECHNOLOGIES AND NAVICURE FORM PARTNERSHIP TO STREAMLINE CLAIMS MANAGEMENT PROCESS

Practice Management Firms Partner after Both Receiving 2008 “Best in KLAS” Awards

February 9, 2009, Carrollton and Atlanta, Ga. – Greenway Medical Technologies Inc., a leading provider of integrated electronic health records (EHR), practice management and interoperability functionality and Navicare, a leading Internet-based medical claims clearinghouse, today announced a partnership designed to improve the profitability of the claims management process for physician practices. Through this agreement, both companies will expand their offerings to include more integrated solutions and services.

Navicare’s account receivables management solutions enable practices to automate receivables processes, including primary and secondary claims reimbursement; patient eligibility verification; rejected and denied claims management; electronic remittance posting; claims and remittance reporting and analysis; and patient statement processing. Greenway’s integrated physician’s infrastructure strategy helps organizations reduce costs by optimizing point-of-care documentation, interoperability, personal health records, quality reporting and clinical research. The integration of these solutions provides physician practices with seamless claims management processes.

Greenway® and Navicare both recently received “Best in KLAS” awards in the annual 2008 *Top 20 Best in KLAS Awards: Software & Professional Services* report. For the third consecutive year, Greenway’s flagship EHR, PrimeSuite®, received the Best in KLAS award in the ambulatory EMR category for practices having between six and 25 physicians. Additionally, PrimeSuite received the Best in KLAS award in the ambulatory EMR category as the top rated EMR for practices having between two and five physicians. In the practice management category, PrimeSuite received a Best in KLAS award for practices having between six and 25 physicians. Navicare received a Best in KLAS award for the clearinghouse services market segment in KLAS’ first year of monitoring the segment. KLAS is the leading source of information on healthcare information technology (HIT) vendor performance.

“We look for cutting-edge, forward-thinking organizations to partner with and Greenway has certainly proven to be that type of organization,” said Jim Denny, founder, president and CEO of Navicare. “We’re excited about this partnership and confident that our collective efforts will help physician practices increase profitability through improved claims reimbursement and staff productivity.”

“Navicare shares our commitment to customer satisfaction and dedication to creating leading, integrated solutions,” said Justin Barnes, vice president of marketing and government affairs for Greenway Medical Technologies. “We want to provide our customers with the best available technology that can provide significant value, increased productivity and return-on-investment (ROI).”

About Greenway Medical Technologies Inc.

Greenway Medical Technologies provides the latest in ambulatory healthcare business solutions and services to more than 22,000 healthcare providers and professionals nationwide, in 30 specialties and subspecialties, by enhancing the delivery of patient care through innovative HIT software and on-demand services that allow physician practices to function at their highest level of efficiency. Greenway's *PrimeSuite* is a comprehensive, interoperable component of the integrated physician's infrastructure solution, which serves as the starting point of a long-term business plan for physician practices. *PrimeSuite* 2008 is certified by CCHIT[®] based on 08 Ambulatory EHR certification requirements. *PrimeSuite* integrates a practice's clinical, financial and administrative processes, and allows practices to increase profitability, enhance patient satisfaction and facilitate adherence to compliance guidelines. Established in 1998, Carrollton, Ga.-based Greenway Medical Technologies is a privately held company with more than 285 employees. For more information about Greenway, visit www.greenwaymedical.com.
