

PrimeMOBILE™

**Putting the information you need most
right into your hands — anytime, anywhere.**

*"With PrimeMOBILE,
I can go about my life
but still have immediate
access to my patients'
information when
something is urgent."*

Dexter E. Arrington, MD
President
Southwest Women's Healthcare
Olympia Fields, IL

USING PRIMESUITE SINCE 2005

Information on demand gives you great freedom....and your patients great service. PrimeMOBILE™ provides you with secure remote access to the latest patient information. It supports timely, informed care decisions and charge capture, while keeping your schedule on track...even when you're nowhere near your practice.

A briefcase filled with slips of paper, or a handheld device you can slip in your pocket? That's an easy call to make.

GREENWAY®

PrimeMOBILE: Access. Anytime. Anywhere.

PrimeMOBILE puts patient information at your fingertips, turning virtually any location into your mobile clinic. Through your smartphone or tablet, you have complete remote access to your patients' data housed in our flagship PrimeSUITE® electronic health record (EHR) and practice management solution.

Improve and Accelerate Quality Care

Thanks to PrimeMOBILE, patient care decisions aren't delayed until you're in the office. You can effectively handle after-hours calls armed with the latest patient information. And your own personal quality of life is improved.

Reduce Costs

Instantly route captured charges and notes to PrimeSUITE for automated review and posting. By eliminating

manual charge entry, you increase the number of charges billed during rounds and accelerate billing cycle completion.

Increase Revenue and Cash Flow

Speed and improve reimbursement by reducing the number of lost and missed charges, eliminating errors related to paper-based charges and handwritten notes.

Meet Developing Standards

PrimeMOBILE helps you meet criteria for meaningful use and evolving accountable care and patient-centered medical home initiatives.

A Platform for Success

PrimeMOBILE technology is available as a native application for easy download to a variety of platforms, including Apple- and Android-based smartphones and tablets and Windows 7 phones.

Key Features and Benefits

- Speed and improve quality care delivery
- Securely access password-protected patient data
- View clinical documents and lab results
- Document data in charge notes
- Graph vitals and input other new patient data
- View your schedule
- Capture charges electronically
- Streamline your workflow and improve your quality of life
